Relational Discipleship: Cross Training

Participant Notes Handout

Learning from Christ and Helping Others Learn Him

One-line summary: Because Christ is the perfect Teacher, His disciples listen, follow, and train others to obey His truth.

Paragraph summary: The Teacher-Disciple lesson calls believers to become teachable followers of Christ. Jesus listened to the Father and taught with authority, showing that great teachers must first be faithful learners. Christians follow Christ alone by replacing worldly influence with His truth, and they participate in His mission by entrusting the gospel to faithful people who can teach others also.
